FROM THE DIRECTOR

Dear Esteemed Recruitment Partners,
I am thrilled to extend a warm welcome to your prestigious organizations as you prepare for your upcoming visit to our institute during the forthcoming job placement season. We are eagerly looking forward to collaborating with you to create valuable opportunities for our students and to actively contribute to the growth and success of your esteemed companies.

Our campus is a vibrant hub of learning and innovation. It buzzes with energy and enthusiasm; thanks to the diverse and talented pool of students we have the privilege of nurturing. We believe that the campus environment plays a pivotal role in shaping the future of our students. The lively atmosphere here not only fosters creativity but also instills a sense of community and collaboration among our students.

One of our core missions at this institution is to imbibe a problem-solving attitude in our students. We understand that in today's dynamic business world, the ability to analyze, adapt, and find innovative solutions is paramount. Our faculty, in conjunction with industry experts, work tirelessly to equip our students with the skills and mindset necessary to tackle real-world challenges. Our emphasis on case studies, group projects, and practical experiences ensures that our graduates are well-prepared to face the complexities of the corporate world.

Our academic programs are meticulously designed to make our students future ready. We believe in a holistic approach to education that goes beyond the traditional classroom setting. Our students engage in experiential learning, leadership development, and soft skills training. We also offer specialized programs that cater to the ever-evolving needs of the digital industry, ensuring that our graduates are not only equipped with the latest technical knowledge but also possess the adaptability and agility required in this fast-paced sector.

As you interact with our students during the placement process, you will witness their passion, dedication, and a deep commitment to excel. We take immense pride in the success stories of our alumni who have made remarkable contributions to the organizations they have joined. We believe that your association with our institution will be mutually beneficial, as you will discover a pool of talent eager to make a meaningful impact.

In conclusion, I would like to express my gratitude for considering our institute as a partner in your recruitment endeavors. We look forward to hosting you on our campus and witnessing the synergies that will undoubtedly emerge from this collaboration.

We eagerly await your visit and the opportunity to work together.
Warm regards,

Dr Joseph Marianus Kujur, SJ
Director

FROM THE ASSISTANT DIRECTOR'S DESK

The successful landing of Chandrayaan-3 delighted and made Indians feel proud on an unprecedented achievement of the Scientists at ISRO. It was due to sheer determination, hard work and relying on the capability of the brilliant brains of our country, to make dreams come into reality of landing spacecraft safely on the darker side of the lunar surface for the first time in the history of space science. On the geopolitical front, the Prime Minister of India expressed his happiness and satisfaction on the successful conduct of G20 in Delhi recently. He thanked the people of India for achieving this milestone. These are a few shining examples of the advancement and progress of our nation. We are on the path of fast development because India is able to adopt new technology and adapt to the new environment of digitalization in which precision and accuracy is predictable to a great extent. We are witnessing and experiencing that the landscape of education is also undergoing a drastic change. The innovation with the use of technology has become the order of the day, if not adopted now, the competitors will gain the competitive edge and work to their advantage. Therefore, individuals, management and organizations have to be agile and quick to respond to the changing environment or else lag behind in the competition. Being aware of cut throat competition in the market, XISS always strives for innovation by adopting current best practices in academia as well as industry. Keeping this in view, XISS is taking help and guidance of eminent alumni to guide our students to be future ready. Guest lectures and expert talks have become all the more conspicuous. Having heard from the experts, students come to know the real-time data that exists in the corporate world today. XISS also prepares students sufficiently to crack the final placement. To this end, students are guided to pay attention to the cognitive, affective and psychomotor domains of learning. We believe in value-driven education therefore, our students are given sufficient input and orientation to become intrinsically motivated even in the midst of materialistic and consumerist ideologies. With these words of wisdom I encourage students to remain focused, optimistic and believe in themselves. I hope and pray that recruiters will find all the capable minds and fulfill their requirement from XISS. I am sure; they will come out with flying colours in life. Wishing them all the very best.

Dr Pradeep Kerketta, SJ
Assistant Director

FROM THE DEAN & CHIEF PLACEMENT COORDINATOR

Welcome to XISS, Ranchi!
It is with great pleasure that I extend our warmest invitation to your esteemed organization to participate in the Campus Recruitment Process 2023-24 at Xavier Institute of Social Service (XISS), scheduled to commence on 27th October 2023.

XISS has a proud tradition of producing exceptional graduates who are equipped with both academic knowledge and practical skills. Our students, hailing from diverse academic backgrounds, are renowned for their dedication, adaptability, and problem-solving abilities. We believe that they could be valuable assets to your organization.

We have four PGDM programmes, approved by AICTE, and accredited by NBA, which provide post graduate management degrees in Human Resource Management (HRM), Rural Management (RM), Marketing Management (MM) and Financial Management (FM). Our programmes are a transformational experience that give them perspective to deal with the changing realities of business and life. Outside the classroom, students engage in several activities to develop a well-rounded persona.

At XISS, we continuously update our syllabus and teaching pedagogy to match the industry requirements. Students visit different organizations for external interactions while doing various live projects and attending guest lecture by eminent corporate leaders on the campus.

Thank you for considering XISS for your recruitment needs. We look forward to welcoming you and your esteemed organization to our campus recruitment process 2023-24 for final and summer placements and witnessing a mutually beneficial partnership that will shape the future of our students and your company.

Dr Amar E Tigga
Dean (Academics) & Chief Coordinator-Placements

Vision

We envision a centre of academic excellence towards creating a sustainable society with peace, justice, and reconciliation.

Mission

- To become a leading management school in India by offering a portfolio of academic, research, social involvement and outreach programmes.
- To create leaders with conscience, compassion, competence, and commitment for sustainable development and empowerment of the marginalised.

Genesis

It was 500 years ago from now that a boy named Inigo was born in the Basque country of Northern Spain. Living in a small castle because of his noble birth, the boy grew up to be well educated, with fondness for clothes, beautiful ladies and the unflinching sounds of battle. He thought of himself as a great soldier, and he was indeed one. Although he thought himself to be great lover, it seems that God had different plans for Inigo of Loyola.

2023

With the new emerging trends in the education system, virtual classrooms, AI and Analytics, experiential learning are becoming more popular. Seeing the current demand and keeping up with changing pace, XISS has introduced two new courses - FPM - Fellow Programme in Management and Post Graduate Certificate in Management Geospatial Technology Applications in Rural Development. It is more important to find purpose in what is learned and we at XISS constantly channelize students interest and passion in such a way to make it a continuous process of learning, unlearning and relearning.

2022

Coming back to campus life after the devastating Covid 19 pandemic, XISS Campus, once again is vibrant with life.

XISS received accreditation from National Board of Accreditation (NBA) for all its Post Graduate Diploma Management programmes to promote and recognize excellence in education.

2020

In 2020, the Covid-19 pandemic struck the entire world threatening the very existence of human lives, but these dark times helped to shine more, justifying the moral and ethics inculcated in each one of us. XISS took no time to understand the need of those severely affected from the pandemic, i.e. the downtrodden and migrants and took up a mammoth task of helping each one by joining hands with the District Administration in arranging shelter homes, distributing dry ration and helping senior citizens over toll-free helpline numbers.

XISS, in line with the Universal Apostolic Preferences (UAPs) of the Society of Jesus, has been working diligently towards the cause of standing with and for the society. In following this mandate seriously, XISS has begun awarding scholarships to the students nurturing the talent and recognising it as well.

2018

XISS revisited to reconfirm its Vision and Mission statements, strategically inching towards it becoming a centre of academic excellence in the process of creating a sustainable society with peace, justice and reconciliation in the Eastern region.

The thought-provoking process was conducted in the august presence of the former Vice-Chairman, Governing Body (GB) XISS, Former Directors of XISS, Director XISS, Assistant Director, Faculty Members and Resource Persons. XISS is well known far and wide for its dynamic community of learned faculty and diverse students from across the nation. It primarily focuses on their educational goals simultaneously encouraging them in co-curricular activities while turning them into Professionals with a difference. XISS is also actively involved in research, consultancy and development interventions for the society.

2015

Diamond Jubilee year of XISS 60 years of service to the nation was remarkably celebrated amidst plethora of academic events and recreational activities strengthening the bond as XISS family. In its 60 years of existence, XISS has upheld the great task of imparting higher knowledge, critical thinking and academic rigour to prepare men and women, who serve and lead the society. Epitomizing wide, profound and solid learning, XISS has nurtured students to be fit in any arena of their life journey.

2014

Today it has developed its own distinct identity to become one of the premier management schools of India in the fields of Human Resource Management, Rural Management, Information Technology, Finance and Marketing.

2007

The Uniqueness of the professional education at XISS is that it promotes excellence in academic as well as in grassroots experience through rural camps & field works. This makes the students fit in any industry or organization at the local, national & international levels.

1978

In 1978, it moved to its present site and over the years, it has grown in terms of both capacity as well as resources. From an extension center of St. Xavier's College, Ranchi, to becoming one of India's most reputed educational institutions, the journey for XISS has all along been guided by the needs and aspirations of the region in which it operates. Education at XISS means sensitizing the students with appropriate values, attitudes and critical thinking tools that set them apart as 'Professionals with a Difference'. What started 66 years ago as a center of social service founded by the Society of Jesus, has today grown into a reputed business school.

1955

Over the years many of them would take Francis Xavier as their patron because he, like Ignatius also became a Saint. Today one wonders, how many Indians have been educated at such prestigious institutions as Xavier's Delhi, Mumbai, Kolkata, Jaipur, Patna, Ranchi, Hazaribagh, etc. It was as a continuation of the tradition of such hallowed education temples that. Initiated with a humble objective of training young men and women in Personnel Management, Industrial Relations and Rural Development & Social Welfare, XISS has trodden a long path of glory and success over the last 66 years.

1973

By In 1973, the Institute was registered as a separate educational society under the Societies Registration Act, 1960. Since then, in history, it has been recognized as one of the most outstanding management schools in India.

1542

While Jesuits were opening schools and colleges across Europe (hence nicknamed as the schoolmasters of Europe) Francis Xavier, a close friend of Ignatius came to Goa in 1542 and started many schools.

1540

By this time he was known as Ignatius of Loyola who received from Pope Julius III, a decree proclaiming that he and his little group of nine followers would happen to be known as the 'Society of Jesus' in the year 1540 in Rome. A new religious order came into effect in the Catholic Church, one that would spread throughout the world and have profound effects on many lives.

1523

Gradually by God's grace he was transformed and had set his steps on the rocky path that would lead him to Salamanca, Paris, Venice, Jerusalem, and Rome.

1521

Wounded in the battle of Pampalona in 1521 against the French, he resumed to his couch, enduring much pain and boredom. Primarily to be free from his present state that he took on to reading the lives of great saints like St. Dominic and St. Francis of Assisi and vowed to live a life like them.

Nurturing Professionals with a Difference

Social Service Field Work

During their first year, teams of students are formed which are then assigned to various organizations involved in rigorous Social Work. These organizations work to brighten up the lives of underprivileged children, including the physically challenged, the mentally challenged and the deprived village folk. Through social service field work

- Understand human values and social doctrine of society and culture
- Understand and exercise the social responsibility alongside professional careers
- Augment the momentum of social work and human skills

Industrial Tours and Rural Camps

The Industrial Tours are imperative to the curriculum at XISS. It is instrumental in bridging the gap between classroom teaching and the real business world. It serves the idea that students must know the practical side of everything. Not only these camps provide academic relevance, but also expose students to different places letting them interact with industries directly.

Rural Camps - The mode of interaction with the rural people has undergone a sea change based on first conviction that the situation demands the normal tendency to be reversed, in other words, the villagers are no longer the source from where the information is to be extracted. On the contrary, they are to be involved in the process in such a way that their ideas, analysis, choices, and priorities, which really count, can be elicited. It's an understanding and seeing the situation through the eyes of the villagers, the insiders and the people who are truly involved. Rural Camp has a definite purpose, and the outcome of this field activity is not only an in-depth understanding of the interaction between different social groups but also an action plan either for initiating concrete projects or for monitoring development actions.

Seminars and Conferences

The students organize various seminars, workshops, and conferences every year. These seminars, workshops, and conferences on the one hand expose them to international and national experts and on the other, help them to acquire planning, organizing and execution skills and experiences. Students also participate in various events organized by other institutions. They write and present articles and research papers on these events.

Research and Planning

The Department of Research and Planning has been functioning since 1978. It undertakes Research and Survey on behalf of Government Departments (Central and State), Semi-Government Agencies, Industries, and other voluntary organizations. It also takes up independent research projects on different current issues. The Department has setup a full-fledged GIS & Remote Sensing Lab. In addition to these, it also helps in imparting MDP on CSR for corporate heads & training for capacity building of the target group depending on the research conducted for implementing people-oriented rehabilitation programmes and assisting the policy makers to make people-oriented

development plans. Our clients include, Ministry of Rural Development, Ministry of Agriculture, World Bank, UNICEF, ESSAR, NTPC, DVC, KRIBHCO, TISCO, TATA Power, HINDALCO, etc. Issue based research also strengthens people's awareness of their rights.

Research and Publication

This department was established in the 2002. Apart from introducing a quarterly journal on Development and Management Studies, the prime objective of the department is to publish various research works conducted by XISS.

Beyond Classroom

1. Publications

(a) Journal : Jharkhand Journal of Development and Management Studies (JJDMs) is a double-blind peer reviewed multi-disciplinary quarterly journal regularly published by the Institute having ISSN 0973-8444 and indexed in the UGC-CARE list.

It welcomes research article in the context of development and management at global, national, regional levels. It provides a platform to the academicians, researchers, field workers students & social activists at large for sharing their views on research, book review and so on. It seeks to explore ways of improving standard of living of rural folk by examining potential solutions of poverty, unemployment, malnutrition, disease, environmental degradation, displacement, ethnic and gender discrimination, civil conflicts and lack of popular participation in development programmes. Its ambit also includes human resources in the arena of organizational development, total quality management, benchmarking, work culture, organizational leadership, information management and quality of life, public, private and tertiary sectors.

(b) XISS Bulletin : A monthly news bulletin is published to keep people informed about development at XISS & about its various stakeholders.

2. Festivals

Festivals are an inevitable part of life at XISS that allow future managers to participate in various national, local and religious events. Such participation emphasizes on students understanding and appreciation of community festivals and other activities and helps them to be inclusive.

3. Panache

The annual fest, symbolizes the true spirit of XISS, where a kaleidoscope of diverse talents is displayed in an atmosphere of healthy competition. It visions complementation of academic study with exposure to rural India & breeds networking in the world of art & media.

4. Alumni Meets

The students participate in the alumni meets organized at different metro cities as well as in the Institute to keep in touch with the alumni. The students also imbibe the true spirit of XISS from alumni as they share their professional experiences.

5. Sports

To let go the strain of a very demanding academic schedule, the Institute organizes various sports, tournaments including basketball and football matches which provide the students with a break from the rigorous of intensive study and help them unwind.

6. Students' Community

Campus life at XISS is a rich blend of learning and fun. XISS campus foster community and gives students the chance to engage in all aspects of life. The students as partners share ideas and initiate changes, keeping in tune with the ever-changing corporate world. Students play a crucial role in improving their own skills and create an exciting and innovative environment, which adds values to their life. At XISS, there is a common thread of exceptional talent and a desire for diversity. In this lively environment, each student feels inspired to exploit their potential to the fullest. The atmosphere creates deep lifelong friendships, a valuable business network, of course, but lasting personal connections above all. At XISS, the extracurricular activities not only provide a break from the rigorous of intensive study but also bestow great opportunities upon the students to hone and showcase their talent and organizational abilities. Every year under the aegis of different forums and bodies, students involve themselves in recreational, cultural, intellectual, professional, and charitable activities. The socio-cultural ethos at the campus play an important role in providing vibrancy to the life of a future manager.

7. Students' Clubs

Students' driven club provides an outlet and stage for all the creative minds out there. Not restricting the students to just classroom teaching but XISS enables them to explore the world beyond it and gain invaluable leadership and life skills to add to the holistic development of the student. These clubs at XISS also help students to interact with fellow classmates possessing similar interests, interaction with alumni and professionals in the same field of interest.

Campus Placement Programme

At XISS we believe in nurturing the talent and making them Ready for the real world . The Placement Cell helps connect the Organizations with the talent at the Institute. We have tried to keep the entire campus placement process simple and convenient to all

The Placement Cell

The Campus Placement of the students of XISS is coordinated by the Central Placement Cell headed by the Chief Placement Coordinator. It works in unison with Departmental Placement Cells constituted of students representatives. The Departmental Placement Cells are also guided by the senior faculty members.

For the convenience of the prospective employers, the Campus Placement Programme is detailed below:

Campus Placement commences on 27 October 2023 and finishes on 15 December 2023 in the first phase. The second phase commences on 15 January 2024 and ends on 31 March 2024. Interested organizations are requested to inform in advance the date on which they wish to visit XISS for Campus Placement. They are also requested to indicate the facilities required for the selection procedure, viz. accommodation/transport facilities and bookings, etc.

On receiving communication from the interested organizations, the Placement Cell will allocate a date for PPT and the recruitment process. Group Discussions, Interviews and other methods of selection adopted by the organization are conducted in the campus. If required, students may be called for final interviews at the companys expense to its headquarters.

We follow one student, one offer policy and a Dream-Job opportunity with the following conditions:

The Institute strictly follows One Student - One Offer policy. The candidates placed in one organization are not allowed to be the part of the placement activity for any other organization. If any student gets enlisted in more than one organization then the organization coming up with the final list first, has the opportunity to take that student in its organization.

On confirming the final selection, the appointment letter issued by the organization is sent to the candidate through the Placement Cell.

**1st
Phase**
27 October 2023 to
15 December 2023

**2nd
Phase**
15 January 2024 to
31 March 2024

One Student One Job policy:

Once a student is selected by any organization and has been offered a job, the student will not be allowed to participate further in the placement process and will be marked as placed but he/she will be eligible for the Dream Job opportunity.

Dream Job Policy:

If a student gets selected by a company on a CTC (package), say, X , may be allowed to participate in the selection process of one additional company which is offering a CTC package not less than 1.5X . This option will be open for students of a programme only when 60% of placements for that program is achieved. A student can get only one such additional chance after receiving a job offer. If the student gets a job offer from the Dream-Company, then it will be binding to him/her, and the previous offer will get cancelled automatically and it will be communicated to the organizations.

Pre-placement talk (PPT) & selection process

All the companies are expected to deliver a Pre-Placement Presentation to the students where all relevant information about the job may be discussed. If such a presentation is not possible on the part of the company, then it is requested to send all relevant details making use of the Permanent Placement Reply Format in advance to the Placement Co-ordinator. PPTs can also be held by the company just prior to the commencement of the Campus Placement Programme at the Institute.

Date of Joining

The students will complete their studies with all academic obligations by mid-April 2024. They will be ready to join the organizations on or after 15 May 2024. Students are allowed to join the organization only after completion of the studies.

Campus on Wheels

In the last few years, though interested to recruit from the Institute, some organizations have not been able to come down to the campus due to certain unavoidable reasons.

With a view to accommodate the request of such organizations, the Institute has introduced Campus on Wheels. The organizations interested in recruiting through Campus on

Wheels should send the details of date, time, and location of the venue for the selection process through e-mail.

Video - Conferencing Facility

The Institute also provides video-conferencing facility for conducting the PPTs and selection process.

Luminous Alumni

While celebrating its 66th glorious year of management education. Xavier Institute of Social Service, Ranchi enjoys one of the largest alumni networks among the business schools in India and considers it one of its biggest assets.

Over the last six decades, students graduating from XISS, Ranchi have successfully taken up strategic positions and shouldered critical responsibilities in the development sector and in the corporate world. Their success is a testimony to the quality of education and human values imparted throughout the two years of their stay in campus. Many of our alumni have taken up positions in the top management in national as well as global organisations. They are ambassadors for the change and development of the society at large.
